22. DESCRIPTION OF DEVIATION / WAIVER ECS Composites, BAE SYSTEMS' Reusable Container manufacturer, stocks in house the color FED-STD-595-23531 and routinely manufactures containers for government contractors in this color. The color is gloss rather than lusterless and has slightly increased reflectance over FED-STD-595-33446. ECS does not stock the color required by ATPD 2294 and would therefore have to order it, adding 4-6 weeks to the lead-time for the container.							
23. NEED FOR DEVIATION / WAIVER BAE SYSTEMS requests the use of FED-STD-595-23531 for the first 6 systems only. This would allow both BAE SYSTEMS and the Army to begin first article testing 6 weeks earlier and help maintain the FAT test schedule. Any and all follow on orders for reusable containers would be in the correct paint color FED-STD-595-33446.
